Morah Chanie Nachlas

Dear Parents,

The children participated in a complete review on our unit on Shabbat/Dining room. The children themselves set the Shabbat table, with the following Shabbat items; white table cloth, Kiddush cup, grape juice, candles, challah, and more. This hands on activity brought the Shabbat table to life.

The more you practice... the better you'll get.  
\*Don't forget to do your homework. 😊

## HEBREW READING/WRITING

**We are currently working on recognizing and writing our own Hebrew names. The children shaped most of their letters in their Hebrew name out of play dough, and practiced writing their individual names.**
